The History of Le Goûter The French Tea Time

France's love affair with tea began in the 17th century when it was first introduced to the country courtesy of the Dutch. Before embracing it for pleasure, the French sipped tea as a health tonic and were doing so for years before the steeped brew made its debut in London. Tea's popularity in France spread briskly as French botanists of that era joined a growing number of European scientists, pharmacists and physicians in touting tea's medicinal virtues and further claimed its leaves were grown from a divine herb.

In the latter part of the century, socialite hostesses began serving the aromatic elixir as a parlor refreshment while entertaining in the afternoon. However, tea time or le goûter, which literally means 'to taste', did not permeate the highest echelons of French nobility until a little later with the reign of France's King Louis the XIV. To keep the aristocrats in line, the king established a system of having them pay him court at Versailles. Along with resplendent fashion, tea drinking was encouraged by the king and for years afterwards le goûter remained popular among French aristocrats and the rich. French traders began venturing to the Far East to gather tea directly from China. With their oolongs and Yunnans, these explorers also brought china, porcelains and silks lending to even more stylish le goûter attire and table service.

The French Revolution spanning 1789 to 1799 upended much in the country, but in its wake the bourgeoisie adapted the customs of le thé with favor. Since the French Republic replaced royal rulers, French cafés with le thé have become ubiquitous in the country's cities, provincial towns and seaside villages and have contributed to a worldwide fascination with le goûter among nearly all cultures.

ALL MENU ITEMS SUBJECT TO CHANGE

The History of the French Macaron

Despite its reputation as a French delight, the colorful meringue sandwich cookie originated in Venetian monasteries in the eighth century and back then, these very basic treats were made from almonds, sugar, and egg whites weren't nearly as pretty as they appear today. Legend has it that Catherine de' Medici, who arrived in France in 1533 to marry King Henry II, introduced the elites of the Valois court to the maccherone courtesy of her Italian pastry chef. It quickly became a favorite among French nobility. Macarons gained commercial fame in 1792 when during the French Revolution, two Carmelite nuns looking for refuge in the city of Nancy, baked and sold the cookies to pay for their meager lodging. The sweets were a runaway hit and the pious duo became the famed "Macaron Sisters". It wasn't until the 1830's that Parisian bakers began joining two macaron biscuits with a filling. Since then, macarons have evolved into the perfectly formed, pastel-colored creations, filled with a variety of jellies, jams, curds, buttercreams and ganache that we know today. Macarons have remained a highlight of tea rooms around the world. Vive le macaron!

Macarons

assortment may include

salted caramel | lemon | chocolate | hazelnut
raspberry | lavender | strawberry | chocolate blood orange
tiramisu | birthday cake | pistachio

AVAILABLE FOR SALE

The History of the Bon Bon

Chocolate bonbons have a rich history, originating in France around the 17th century. The word "bonbon" itself is French, simply meaning "candy." Back then, these bite-sized treats were enjoyed by royalty at the French court. Early bonbons featured a chocolate shell, but unlike today's varieties, they were typically filled with candied fruit. Presentation was key – these little candies were handcrafted & placed in beautiful containers, making them a symbol of wealth and sophistication.

Over time, bonbons became more accessible, spreading from the aristocracy to the general public. They became a popular gift, especially during holidays. The tradition of gifting bonbons even reached other countries in Europe by the 18th century, eventually traveling worldwide with European immigrants.

Today, chocolate bonbons come in a vast array of flavors and fillings, from classic fruit to decadent creams and ganaches. But they still retain their connection to their French origins, offering a delicious and elegant way to indulge your sweet tooth.
